- Security, Access Control & CCTV
- Telecommunications & ISP's
- Green Energy
- Public & Private Enterprise
- Utility & Infrastructure
- Health
- Residential
- Education

Providing Connectivity Expertise for over 30 years.

> Our Services

Design & Engineering

Our Design and Engineering team work closely with M&E Consultant Engineers, Electrical Contractors and IT Managers. At inception stage of new build and refurbishment projects, we lend our expertise on design, specification and system testing. We ensure specifications reference current local and international standards. Our team brings value to clients as we answer their questions and provide solutions. Our involvement in projects from design stage right through to completion helps ensure quality and integrity for you and your project.

Logistics & Support

Our Internal Support Team work with our clients providing them with an excellent level of service. We carry extensive local stocks and pride ourselves on our guaranteed nationwide delivery and our local collection facility. We have a very effective logistical support system enabling us to manage small orders and large projects. temple is committed to providing quality service and products. We have achieved the ISO 9000:2000 quality standard.

Training

Training is a very important aspect of our business. We provide and run local and international recognised courses as per our customer's requirements. We host courses on Structured Cabling, Fibre Optics, Data Centre Design and Management, IP Security, IP Convergence and Network Testing. Some of the associations and vendors we work with are BICSI, BTEC City and Guilds, CompTIA, Tyco, AMP NETCONNECT, Belden, Molex, Comelit and Fluke.

Distribution

There are many distributors, but only temple have the breath of experience and service to work closely with clients on major infrastructure projects. We also offer a trade counter service to drop in customers that is second to none. Our focus is on adding value and ensuring that the service that temple provides to our customers is as valuable as the product we ship. We distribute and represent major brands like AMP, Belden, Molex, Fluke Networks, Cooper B-Line, Crabtree, Volex, GE, Server Technology, Rhino, C-Net Training. We offer a wide range of products to choose from to ensure that we match our clients' needs.

> Product overview

Electrical & Mechanical

- Electrical Accessories
- Industrial Wiring Accessories
- Controlflex Cables
- Power & Wiring Cables
- Control & Instrumentation Cables
- Fire Cables
- General & Specialist Cables
- Data & Voice Cabling
- Sound, Security & Alarm Cables
- Broadcast & Coaxial Cables
- Cabinets & Enclosures
- Floor Boxes
- Underfloor Power Track
- Luminarie Distribution Boxes
- Containment, Raceways & Conduit
- Dado Trunking
- Ducting & Flexible Conduit
- Floor Matting
- Tools, Tester & Label printers
- Residential Cabling Systems
- Uninterruptible Power Supplies (UPS)
- Fixings & Accessories
- Equipment Hire & Financing

Data Communications

- Data & Voice Cabling
- Fibre Optic Cable & Accessories
- Cabinets & Enclosures
- Open Bay Cabinets
- Network Switches & Routers
- KVM Switches
- Copper & Fibre Transceivers
- Tools & Label printers
- Uninterruptible Power Supplies (UPS)
- Power Monitoring & Management
- Infrastructure Management Systems
- Wireless Networks
- Free Space Optics
- Equipment Hire & Financing
- Fibre Optic Raceway Systems
- Installation Accessories
- Telecom Accessories
- Network Test Equipment

Data Centres & ICT

- Data & Voice Cabling
- Fibre Optic Cable & Accessories
- Cabinets & Enclosures
- Co-location Cabinets, Security Caging Systems
- Networking Switches & Routers
- KVM Switches
- Tools, Tester & Label printers
- Uninterruptible Power Supplies (UPS)
- Air Flow Management
- Power monitoring & Management
- Access Control
- Environmental Monitoring
- Infrastructure Management Systems
- Fibre Optic Raceway Systems
- LCD Keyboard Drawers
- Server Racks
- Cable Management
- Asset Management Systems
- Remote Monitoring Solutions
- Intelligent Rack Extinguishers

Security Access Control & CCTV

- Door Access
- Intercom Systems
- IP CCTV
- Control & Instrumentation Cables
- Alarm & Coaxial Cables
- Uninterruptible Power Supplies (UPS)
- Equipment Hire & Financing
- Fixings & Accessories
- Low Voltage & Fibre Cabling
- Network & Environmental Monitoring
- Tooling
- Multicore Cables

Telecommunications & ISP

- Data & Voice Cabling
- Fibre Optics Cable & Accessories
- Cabinets & Enclosures
- Networking Switches
- KVM
- Tools
- Uninterruptible Power Supplies (UPS)
- Power Monitoring & Management
- Access Control
- Environmental Monitoring
- Infrastructure Management Systems
- Wireless Networking
- Free Space Optics
- WDM Multiplexers
- Equipment Hire & Financing
- Fibre Optic Raceway Systems
- Telecom Accessories
- Outside Plant Products

Green Energy

- Fibre Optic Cabling
- Cabinets & Enclosures
- Offshore Cabling
- High Voltage Power Cables
- Medium Voltage Power Cables
- Low Voltage Power Cables
- Control & Instrumentation Cables
- Communication Cables
- Ducting & Cable Management

Utility, Residential & Infrastructure

- Outside Plant Products
- Electrical, Fibre, Data & Voice Enclosures
- Broadcast & Coaxial Cables
- Sub Ducting
- Optical Distribution Frames
- Railway Cables
- CATV Equipment & Accessories
- Airfield Cables
- Metro Cables
- Broadcast Cables
